PROFESSIONAL SUMMARY

Full Stack Developer & Digital Creative with 5+ years of experience shipping production-grade web platforms — management dashboards, e-commerce, company profiles, and community systems. Fluent across the stack: PHP (native & Laravel), MySQL, modern JavaScript, and React, with a strong eye for UI/UX, animation craft (GSAP), and performance-first engineering. Led architecture and delivery of premium web platforms at DigitalPND Studio; worked with 30+ clients from freelance roots — listening deeply, shipping fast, and communicating clearly.

EXPERIENCE HIGHLIGHTS

Senior Full Stack Developer

2026 — PRESENT

DigitalPND Studio · Remote

Leading architecture and delivery of premium web platforms. Mentoring developers, setting engineering standards, and shaping the studio's technical direction with a focus on performance and craft.

Architecture

Team Leading

Performance

Full Stack Developer

2024 — 2026

Nusantara Tech · Jakarta, ID

Built and shipped end-to-end products: dashboards, e-commerce, and management systems. Owned features from database schema to motion-polished frontends.

Laravel

SMD SPPG

2026

MANAGEMENT DASHBOARD

Real-time monitoring, analytics reporting, participant management, and automated workflow — role-based access built for scale and clarity.

Stack · PHP · MySQL · JavaScript · GSAP · Bootstrap

DigitalPND

2025

DIGITAL AGENCY PLATFORM

Cinematic company profile with page-transition identity, CMS-driven portfolio, SEO architecture, and performance-first delivery.

Stack · PHP · MySQL · JavaScript · GSAP

RWGH Store

2025

E-COMMERCE PLATFORM

Product catalog, cart & checkout flow, payment gateway integration, order management, and a clean admin dashboard for sales reporting.

Stack · PHP · Laravel · MySQL · React

Jimptan

2024

COMMUNITY FINANCE APP

Mobile-first web app for community savings: member management, transparent digital ledgers, and automated monthly reports.

Stack · PHP · MySQL · JavaScript · Bootstrap

Yayasan Management System

2024

INFORMATION SYSTEM

Integrated system covering programs, donors, beneficiaries, finance tracking, and impact reporting — replacing scattered spreadsheets.

Stack · PHP · Laravel · MySQL · REST API

Trading Dashboard

2023

FINANCE ANALYTICS

Real-time analytics consuming market REST APIs and websockets: candlestick charting, watchlists, and a configurable alert system.
